## • Overview:

Research indicates that employers will need to fill nearly 2.2 million new project-oriented roles each year through 2027. This means skilled project managers are in high demand. The PMP certification is designed by project professionals, for project professionals and validates that you are among the best—highly skilled in:

People: emphasizing the soft skills you need to effectively lead a project team in today's changing environment.

Process: reinforcing the technical aspects of successfully managing projects.

Business Environment: highlighting the connection between projects and organizational strategy.

PMP certification validates that you have the project leadership skills employers seek. The new PMP includes three key approaches:

Predictive (waterfall)  
Agile  
Hybrid
